

# SEAMLESS, SECURE CLOUD MIGRATION WITH GAMA-1'S AWS MIGRATION ACCELERATION PROGRAM (MAP)

- Public Sector
- Migration Services Competency

Recognized by AWS for our expertise and proven success, we are committed to delivering innovative, secure, and tailored solutions that empower your business to thrive in the cloud.

## Why choose GAMA-1's MAP services?

- » **Efficient, Secure, Cost-Effective Cloud Transitions:** Streamline workload migration with minimal disruption.
- » **Structured Approach:** Leverage AWS MAP's best practices to ensure seamless adoption, reduce risks and achieve high performance.
- » **Cost Savings:** Benefit from AWS advance credits to offset migration costs and a proven trusted AWS partner.
- » **Optimized Performance:** Expert-designed low-latency solutions enhance data access speeds and user experience.
- » **Enhanced Security and Compliance:** Benefit from AWS's rigorous security standards and our expertise in government regulation compliance.
- » **Seamless Migration Phases:** We guide you through assessment, mobilization, and modernization, ensuring a smooth transition that minimizes disruption.
- » **Scalability and Flexibility:** Adapt to changing demands with scalable solutions that support rapid growth and innovation.

With GAMA-1 and AWS MAP, you can trust that your migration will be handled with expertise, precision, and a commitment to maximizing value. Get ready for a faster, safer, and more efficient cloud journey.

"National Weather Service reached 24x7 operations for all Weather Public Cloud applications! GAMA-1, celebrate your hard work in helping us reach this milestone – you're helping us break new ground and your continued support for these important and evolving applications is appreciated."

Cloud Program Manager, Office of Dissemination  
National Weather Service

## Why GAMA-1 chooses to use AWS to migrate your workloads

### Most migration experience

Over a million active customers; leading agencies migrate to AWS

### Most comprehensive and mature migration tools

AWS migration tools, as well as mature third-party migration tooling ecosystem to simplify and accelerate each step of the migration process

### Most complete migration solutions

Set of programs and solutions to accelerate your cloud journey

AWS brings unmatched experience in helping organizations migrate to the cloud, supporting everything from small workloads to large-scale migrations involving tens of thousands of servers. Leveraging years of expertise, GAMA-1 and our partner ecosystem use proven methodologies, best practices, and automated, data-driven guidance to simplify and accelerate each step of the migration process, allowing you to realize the benefits of the cloud faster.

**GAMA-1 customers move to AWS for cost savings, faster innovation, and digital transformation, enabling reinvestment in growth and modernization.**

**20%**

Average infrastructure cost savings

**66%**

IT staff productivity boost

**29%**

Increase in staff focus on innovation

**43%**

Lower time to service for new features
